The first one would be scheduled to be completed on 10-12, and shipped immediately. They would filter in after that.

Unfortunately, that is the first available spot in production for these trailers.

Thanks,

Jason Cenek

Subject: RE: 2025 Tram 3115

Hi Jason –

Thanks so much for this, is there any way to get them sooner? Or a possibility of getting two sooner and then having two come in the October-November window?

Reason being is they are for beach trams and our season starts in November and we'd like to be ready to roll them out.

Let me know if you need more information,
Thanks,
Sara
