GC5890130101.509930	Reserve - Future Capital Outlay	\$30,960

TOTAL FROM: **\$30,960**

EXPLANATION:

The Barrier Island Park Society is requesting out of cycle funding to purchase a replacement tram for Cayo Costa State Park. This amount will also cover the cost of barging the tram to the island park. The tram is a critical piece of equipment needed to get visitors from the dockside boat arrival area to the beach in a timely and convenient fashion. Trams have been funded successfully because of the access they provide to the beach.
